Betty's pizzas

My name's Betty and my parents bought a business three months ago. My dad is a cook, but he has always worked for other people. This is the first time we have had a restaurant. It's really exciting because it's a pizza restaurant! I love pizzas!

Of course, my dad knows how to make pizzas, but he taught my mum and I how to make them too. The first time we tried, they didn't taste very good. He showed us how to mix flour, a little salt and water, and then he threw it into the air. When we tried, there was flour everywhere!

Then we put anything we wanted on the top. Mum's was boring. It only had cheese and tomato. Mine had vegetables too. But there was one problem. I didn't put salt on it. I used sugar! No-one likes the taste of sweet pizza!

But we've improved since then. My mum goes to the restaurant every day. She makes pizzas if my dad is very busy. I help in the kitchen at the weekends. My dad doesn't let me make the pizzas there, but I sometimes make pizzas for my friends at home. One day, I hope the restaurant will be mine!

Examples

Three months ago, Betty's parents bought a business.

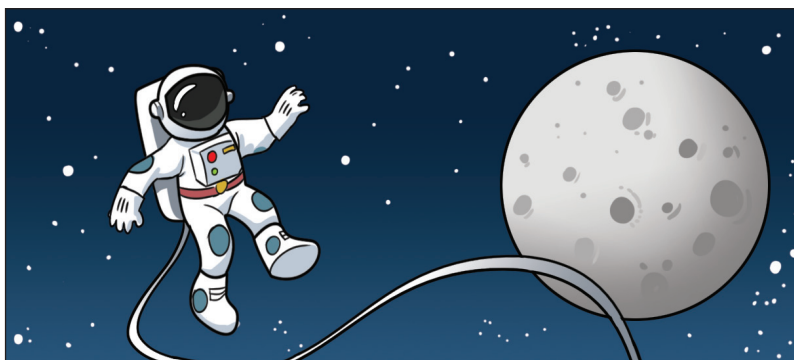

The business is a pizza restaurant, so Betty thinks it's exciting.

Questions

- 1 The first pizzas Betty and her mum made didn't taste very good.
- 2 Betty's dad threw his pizza into the air.
- 3 There was flour everywhere when Betty and her mum tried.
- 4 Betty's mum's pizza had cheese and tomato on it.
- 5 Betty put sugar/vegetables on her pizza.

2 People who have studied science or maths

at university can be astronauts. Engineers, pilots and

3 teachers can also be astronauts. But not

4 all these people can be astronauts. They

only choose some people. They must think that you are

5 good enough to be an astronaut. Also, doctors

6 must make sure you are well.

7 Then you must study a lot and work very hard for

8 two years. That's how long it takes to learn everything

you need to know! After that, if you're lucky, you

9 might travel to space in a rocket and see the moon

and the planets!

3 We have to be at school at seven o'clock. It's very
early, but the fire station is quite far and it takes an hour
to get to it. We're going to stay there all

4 day. We'll see the firemen and firewomen at work. I hope

5 they let us wear a uniform and ride in a fire
